### Recent journal articles

**Title: Readers panel. Primed for revalidation.**

**Citation:** Nursing Standard, 2015, vol./is. 30/9(26-27)

**Abstract:** Are front line nurses still in the dark about revalidation? The article discusses various topics related to nursing in Great Britain. Topics covered include the focus of many employers and senior nurses on educating midwives and nurses about revalidation, the Nursing and Midwifery Council standards, and the workplace support needed by junior staff. Also mentioned is how revalidation offers an opportunity to encourage employers to better support staff.

**Title: NMC introduce revalidation for nurses and midwives**

**Citation:** Journal of Perioperative Practice., 2015, vol./is. 25/11(213-)

**Source:** CINAHL

**Title: School nursing for children with complex needs.**

**Citation:** British Journal of School Nursing, 2015, vol./is. 10/8(410-)

**Abstract:** The article focuses on the trade organization Community Practitioners and Health Visitors Association. Topics discussed include a brief description of the trade organization's services which includes revalidation assistance and school nursing for children, and recommendations on the appropriate way to respond to problems regarding school nursing and commissioning.

**Source:** CINAHL

**Title: Nursing revalidation.**

**Citation:** Nursing standard, Dec 2015, vol. 30, no. 16, p. 61-62

**Abstract:** As a general nurse, I wanted to gain an understanding of the purpose of the Nursing and Midwifery Council's revalidation, what it entails and what would be expected from me during the process.

**Source:** Medline

**Title: Evidence-based practice.**

**Citation:** Practice nurse 2015, vol./is. 45/12(27-31)

**Abstract:** The article discusses the importance of revalidation in evidence based practice (EBP) for practice nurses. Topics covered include the Code of the Nursing and Midwifery Council (MWC) relating to EBP and its revalidation, the importance of being updated by using publications about nursing practice and policies from the Royal College of Nursing and publications offering clinical guidelines, and the EBP guidelines published by National Institute for Health and Care Excellence (NICE).
